Lands, Military (S. Kanara) - undisputed lands - Shirvalli Village - Camping ground - Relinquishment of Govt. claim

The Secretary to the Board of Revenue,

Sir,

Military Camping ground - Udipi Taluk - Shivalli village - Exclusion from reservation - Report submitted.

I enclose a copy of the sketch of the Military camping ground of Shivalli village in Udipi Taluk. The boundaries of the camping ground are coloured blue in the sketch. On an inspection of the locality last March, I considered that there was no necessity to reserve it any longer for military purposes. There is ample open ground in the neighbourhood for such purposes. As the Government of India resolution printed in B.P.No.115/25-6-'00 (Land Revenue) however prohibited the alienation of camping grounds, until the sanction of the Government of India in the Military Department is obtained, I request that necessary sanction may be sought. The ground is eminently fitted for house-sites both for the rich and the poor, and as Udipi is a growing town, it must have room for expansion.

2. The present policy of the Military Authorities appears to be to relinquish all camping grounds in military charge which are no longer required for military purposes. This is evident from para 2 of the letter dated 29-2-24 from the Madras Head Quarters, a copy of which is enclosed. The list called for --

therein was furnished on 9-5-24, but no final orders in the matter have been received.

Your obedient servant,

For Collector.

Military Camping grounds - Madras District.

I am to request that you will kindly furnish me with a Statement as per pro-forma attached showing all camping grounds in military charge in your district and return it to me at an early date.

2. It has been decided in Army Head Quarters to proceed with the question of relinquishing all camping grounds in military charge which are no longer required for military purposes. Hence the above fresh statement has been called for.

S.No.149/19 was, by mistake, registered as Poramboke ---- channel at Settlement. It was afterwards subdivided into ------ S.Nos.149/19A & 19B and the former classed as Poramboke devil --- shrine and the latter as military camping ground. S.No.150/15 was erroneously included in patta at Settlement. The mistake was subsequently found out and the plot transferred to Poramboke.- Military camping ground after giving the pattadar S.No.149/18 in exchange. The other plots were all ordered to be reserved as --- Military camping ground after Settlement and hence they appear in the old printed Settlement Register as Government dry (assessed waste). The extent of each field reserved in the village as --- camping ground is given in -- the margin.

2. All the plots referred to above fall -------- within the limits of Udipi -- Town.

3. The relinquishment of all military camping grounds, which are no longer required for military purposes having been -- decided upon by Army Head Quarters, I have already furnished the Deputy Assistant Quarter Master General with a list of all ------ camping grounds in this District; but final orders have not yet been received in the matter. In September 1923, there was a ---

proposal from the Stationary Deputy Tahsildar, Udipi supported by the Tahsildar and the Revenue Divisional Officer to assign the whole block as house-sites. The matter having been left to me by Mr. Wells, I inspected the block early in March last and came to the conclusion that there was no necessity to ---- reserve it any longer for military purposes. I enclose a --- copy of my note of inspection which deals fully with the case. The land is very valuable and eminently fitted for the ------- construction of houses by the better class of people and if -- laid out in suitable blocks, would fetch high prices. There is also ample room elsewhere for assignment as house sites to the Adi-Dravidas and others. This land is intended to meet the needs of the growing town of Udipi; which will soon be made a Municipality. I have not inspected the other camping grounds in the District nor has any necessity so far arisen for ------ resuming them. My proposals are therefore confined to ------ Shivalli village.

Your obedient servant,

Camping ground - Udipi Taluk - Shivalli village - Transfer to Ayan - orders passed.

******

I have inspected this site and think that there is no necessity to reserve it any longer for Military purposes. I do not think, however, that any of the portion North of the road in S.Nos.71/1 and 70 need be assigned to the Depressed classes or the houseless poor. This is very valuable land and eminently fitted for the construction of houses by the better class of people and if laid out in suitable blocks would fetch extremely high prices.

There is ample room for the Adi-dravidas and others on the Southern side of the road in S.Nos.67/1.2 & 3. At present there is a considerable colony of Holeyas in S.No.68. 67/2 and 3 are at present used as burial grounds - 67/3 by Hindus and 67/2 by Muhammadans. 67/5 is a cart-track, while 67/4 is a pre-settlement assignment to the present Monegar of the Amindivi ---- Islands. It would be advisable if an exchange could be effected of 67/4 for a plot of the same size on the other side of the road. Then the whole of 67/2.3.& 4 could be granted to Adi-dravidas or the houseless poor and the burial grounds in 67/2 and 3 could be shifted further along the road into 67/1. If this was done the Adi-dravida colony would extend continuously from 68 to 67/2 and would form a very fine compact block.

Also this colony would not interfere with the erection of suitable houses by better class people on the other side of the road in S.Nos.71/1 and 70. Steps should be taken to carry out this proposal. The rate of ground rent for 71/1 and 70 should be reported with other particulars as to site-value and so on and the extent of each plot proposed to be assigned. A regular plan should be laid out showing the roads and plots in detail. As regards the extent to be assigned to Adi-dravidas etc. the plots should not be more than 50 cents and a ground rent of Rs.3-2-0 an acre would appear to be enough for these poor people.

The sketch submitted by the Collector with his letter p.1 cf Ref. No. A.6-8683-24 dated 29th October 1924 did not include S.No. 67(1) within the camping area the boundaries of which were coloured blue in the sketch. In its Reference No. 4452-24-1 p.5-6 cf, dated 17th November 1924 the Board asked the Collector to explain this discrepancy among others. In his reply dated 30th December 1924 the Collector has made no specific reference to pp 7-9 cf S. No. 67(1) but has merely stated that all the lands were ordered to be reserved as military camping ground after settlement, nor has S. No. 67(1) been coloured blue to mark it as part of the camping ground. It is observed that this field lies apart from the other lands included the camping ground. The Board is requested to ascertain from the Collector whether it has also been always reserved as camping ground.
